

# T6 Multivan Highline

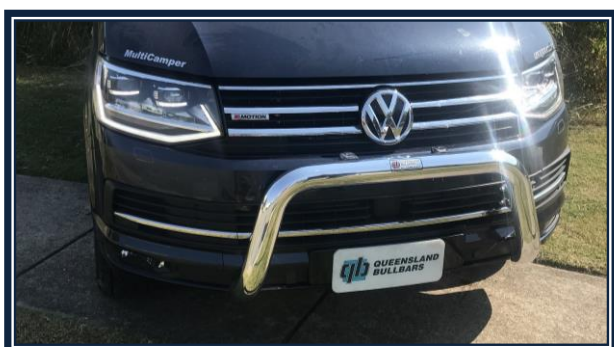

## To suit models from December 2015

The **AERO-BUMPER** fits quickly and easily over the existing bumper. Light mounts and tow hook provision are standard. Stylish air vents dress up the bar and provide maximum airflow. This **AERO-BUMPER** is designed to relocate the front parking sensors and provision is made for the head lamp washers and is specifically designed to be compatible with the **Adaptive Cruise Control (ACC)**.

These products are available in highly polished or powder-coated finish and are both **AIR BAG COMPATIBLE**. They are sure to add both safety and style to your vehicle.

The **AERO-NUDGE** is designed to enhance the modern styling of the vehicle while offering protection to the bumper. It has mounting points for spotlights / light bar. Compatible with front parking sensors.
